

Kindergarten Education Scheme

School-based Learning Activity of Chinese Culture

Display Form

School: TWGHs Tin Wan (1996-1997 Directors) Kindergarten

2022-2023 School Year

Grade Level: Whole School

Name of Activity

Idiom Stories Performance

Objectives

- We engage our children in the exploration of Chinese idiom stories, aiming to share the values of "filial piety" and "friendship" deeply ingrained in Chinese tradition while preserving our rich cultural heritage.
- We also guide our children to cultivate virtue for appreciating others.

Brief Description

During our morning assembly, children dressed as characters to performed three idiom stories: " Fanning the Pillow and Warming the quilt" (扇枕溫衾), "Lie on the Ice to Look for Carp" (臥冰求鯉) and "Kong Rong Shared Pears"(孔融讓梨). Following each performance, our teachers engaged the entire school in a Q&A session. Our ultimate goal was to help our students make meaningful connections between these stories and the principles of "filial piety" and "friendship" in the context of their everyday lives, thereby passing down our cherished cultural heritage to future generations.
