Teachers and children watched the captivating videos that unravel the festival's traditional tales and customs. Students were then encouraged to share their knowledge of Mid-Autumn Festival activities and the names of seasonal treats. In our multifunctional activity room, we orchestrated an enchanting lantern procession. Each child proudly carried their own DIY lantern, transforming the room into a sea of glowing colours. Through this collective adventure, students engaged in lantern-themed games and riddle-solving, immersing themselves in the festive ambiance that shrouds this special occasion.
