2022-2023 School Year

Grade Level: K1

Name of Activity

Here Comes the Monster Nian

Objectives

- Introduce the fascinating origins of Chinese New Year and its related symbols and customs.
- Enhance children's hand-eye coordination skills.

Brief Description

Our teacher transformed the classroom with objects and vivid images representing various New Year items adorn the room. To create an atmosphere brimming with festivity, teachers played traditional Chinese New Year songs and dressed as Monster Nian. As the music paused, students identified the physical objects or images that related to Chinese New Year and mimicked the age-old actions used to drive away the Monster Nian.
