Grade Level: Whole School

Name of Activity

Exploration of the Greater Bay Area

Objectives

- Introduce the diverse geographical locations, iconic landmarks and delightful cuisines found in the 11 cities within the Greater Bay Area.
- Foster a stronger sense of national identity among our children.

Brief Description

During our morning assembly, our teachers took our children on an exciting virtual journey to the Greater Bay Area. Through an engaging presentation, students were introduced to the 11 GBA cities, learning their names, exploring their beautiful landscapes, savoring their unique cuisines, and understanding their intricate transportation networks. Following the inspiring presentation, we transformed our school corridors into an interactive playground where students engaged in several exciting minigames based on the theme of "How Well Do You Know the Greater Bay Area?"
