

Kindergarten Education Scheme

School-based Learning Activity of Chinese Culture

Display Form

School: TWGHs Tin Wan (1996-1997 Directors) Kindergarten

2022-2023 School Year

Grade Level: K1

Name of Activity

Designing Chinese New Year Couplets

Objectives

- Introduce the fascinating origins of Chinese New Year and its related symbols and customs.
- Nurture our children's artistic talents.

Brief Description

Teachers unfolded the origins of Chinese New Year and the festive items that play a pivotal role in the celebration. In our group activities, we invited our students to design couplets. By providing rectangular paper, a brush, and ink, students were encouraged to unleash imaginations to draw straight or curved lines on their couplets. Then they affixed the auspicious Chinese character "福" (fú), symbolising "good fortune" onto their couplets.
