

Kindergarten Education Scheme

School-based Learning Activity of Chinese Culture

Display Form

School: TWGHs Tin Wan (1996-1997 Directors) Kindergarten

2022-2023 School Year

Grade Level: K3

Name of Activity

Exploring the World of Chinese and Western Musical Instruments

Objectives

- Introduce the captivating universe of musical instruments, encompassing both Chinese and Western traditions.
- Unlock and nurture the creative potential within our young students.

Brief Description

During our themed activity sessions, our teachers unveiled a fascinating array of musical instruments. Each child had the opportunity to interact with these instruments, exploring their unique sounds and features. During self-selected activity time, they were presented with images of both Chinese and Western musical instruments which aimed to enhance their understanding with musical instruments. Our teachers also invited both children and their parents to participate in collaborative instrument creation. During our singing sessions, children are encouraged to experiment with musical accompaniment, allowing them to further explore their musical interests and talents.
