Name of Activity

Let's Do the Spring Cleaning Together

Objectives

- Introduce the customs observed on the eve of the Chinese New Year.
- Cultivate children's self-care ability.

Brief Description

Our teachers unveiled the traditions associated with the eve of the Chinese New Year such as the Spring Cleaning and the Reunion Dinner on the 28th day and 30th day of the lunar calendar respectively. As part of our group activities, children were invited to participate in the Spring Cleaning experience to assume designated cleaning roles within the classroom with good teach work. This hands-on endeavor not only promoted their self-care ability while also enhanced their understanding of traditional customs before CNY.
