

Kindergarten Education Scheme

School-based Learning Activity of Chinese Culture

Display Form

School: TWGHs Tin Wan (1996-1997 Directors) Kindergarten

2022-2023 School Year

Grade Level: K2

Name of Activity

Exploring Traditional Chinese Art: Ink Painting

Objectives

- Introduce the traditional Chinese art of ink painting.
- Cultivate the appreciation of Chinese culture among our students.

Brief Description

To familiarise students with the “Four Treasures of the Study” and Chinese culture, our teachers incorporated ink painting into various activities. For example, during Chinese New Year couplets sessions, students were encouraged to explore the effects of using a brush and ink on paper. In a themed activity "Fascinating Creatures," students were invited to use brushes and ink to depict China's beloved national treasure, the panda. Once again, students engaged with brushes and ink, displaying their enthusiasm and dedication to the creative process.
