**Name of Activity**

Finding the national flag

**Objectives**

- Learn about National Day and the national flag
- Cultivate children's attitude when listening to the national anthem

**Brief Description**

During the theme activity, teacher shared that 1 October is the birthday of the motherland. The teacher showed the Chinese national flag and introduced the colours and patterns of the national flag with children. Teachers also shared the celebrations of National Day, e.g. flag raising ceremony, fireworks display. Children also learnt about the relevant etiquette when listening to the national anthem. Then teachers shared the story "Mom and Dad's Arms" with children, and told them that a flag-raising ceremony will be held at the school on Friday.

In the group activity, children played the game "Finding the national flag". The teacher put different national flags on paper bricks on the table. When the music played, children walked around the table and took the Chinese flag when the music ended.
